EDITORIAL

In addition to training oneself as an artist, it is also important to develop oneself as a complete personality. The Student Association provides opportunities for broadening social relationships and enriches the student's college life, which makes for a well-rounded education. Through this central organization all extra-curricular activities are planned. This year we, the officers of your Student Association, pledge to give you one of the best years of balanced programming. This cannot be possible without the full support of the student body. S. A. should be a must for each and every one of you. It is your organization. It is through S.A. that college spirit is developed which makes for a better and more enjoyable school experience. "Support it! Develop it! Enjoy it!"

PRESIDENT'S MESSAGE

The Student Association is the most important student activity in any college. It shares with the administration and the faculty the responsibility for the co-curricular program so vital to the college calendar. The social events and the publications sponsored by the Student Association give a personality to each year as it reflects the initiative and sincere interest of the officers and the members. Many of the most cherished souvenirs of college days are bound up with the affairs sponsored by the students through their Association.

It is my hope that the Student Association of the Massachusetts School of Art will grow in membership and strength and increase its participation in all school events.

With my most cordial greetings to the Officers and Members of the Student Association goes my sincere appreciation and that of the entire school for their constant and dependable cooperation.

ROBERT L. BERTOLLI
President

DEAN'S MESSAGE

Welcome to S.A. and to your return to our College family, especially our Freshman. During the brief time you will be with us and are associated with Faculty and students of different means of expression, interests, and inclinations through S. A. events and through our common purpose in Art you cannot fail to respond and enrich your understanding - appreciative or critical - of the complex problems of Art.

You will come to see and understand things from a wider point of view. You will learn to know that one cannot build a comprehensive understanding of one Art unless you learn to grasp the whole field of Art in a comprehensive sense.

You will come to know that to understand Art in all its comprehensiveness one must understand the comprehensive world, even beyond the problems of Art. That is, one must learn to understand Life from which all Art springs.

You will learn open-mindedly to respect the work of others - when honest even if it be in disagreement with your own concept, taste, or line of development,

You will learn to know that Art, when fresh, vital, and alive, is a sign of the artist's youth-

fulness of mind, because he possesses an indispensable spirit of creative search which keeps a mind young.

You will come to know that the circumstances of one's growth and the development of one's way of thinking go hand in hand and cannot be separated.

Finally when you leave us, you will come to know that your work with us is but the primary beginning of knowledge about essential fundamentals and that there still is much, much more to learn.

I wish you an outstanding year, through your participation in S.A. and through your exploration in Art form.

DEAN BAIRD

Art, most of this programming evolves from a central organization, your Student Association. Through careful planning, with academic schedules and activities of other organizations in mind; a balanced program of monthly events is presented.

Change of constitution under consideration.

"S. A." owes its creation to Dr. Royal B. Farnum, former principal, who conceived the idea of a student organization in 1922. Although not intended or planned as a student government, the Student Association has gradually developed into an organization wherein it functions in many respects as such a government. It seems very likely that in the future S. A. will continue to develop and eventually become a full scale student government of Massachusetts School of Art.

The political structure of the Association consists of two inter-related units: the Council of the Whole and the Board of Directors. The Council of the Whole is the entire membership of the Association. The legislative power is vested in this Council, and it must pass on all amendments to the Association's constitution and may make decisions on important questions affecting the policy of the Association. The executive power is possessed by the Board of Directors. This Board includes the Association officers, the class presidents, the college president, the dean, and one faculty advisor. It has the general direction of all student activities.

In the meantime, remember that S. A. is your organization. Support it! Develop it! Enjoy it!

1. All faculty and students using this area must purchase an official sticker. All cars entering the parking area will be checked daily.

2. Purchase of said sticker costs \$2.00 and may be made by first buying a chit at the school store. The chit should then be presented at the president's office where the registration, make of the car, etc. will be recorded and the sticker issued.

3. The sticker, bearing a number, should be adhered to the right front side window of the car.

4. Cars are to be parked only in the areas designated by the painted white lines. Violation of this regulation will carry a first warning. A second violation will result in a loss of the sticker and the right to park at the rear of the building. In addition to the asphalt, the grass area on the South side may be used by students. The area on the North side is to be used by the faculty only.

5. Cars are not to be left in the parking area over night.

6. There will be more stickers sold than there are parking stalls. The possession of a sticker does not guarantee the owner a parking space. If a driver finds that the lot is filled, he must park outside the area.

Please remember that in January 1959 your new registration number must be recorded with the president's secretary.

REQUIREMENTS FOR PROMOTION AND GRADUATION

1. A system of quality points is in force at Massachusetts School of Art. Under this system, grades will be given the following values: A-4 to 5, B-3 to 3.9, C-2 to 2.9, D-1 to 1.9, E-O.

2. The number of quality points which a student receives in a course is determined by multiplying the total number of semester hours in the course by the corresponding number of quality points, e.g., a six-semester hour course with a rating of "4" has a value of 24 quality points. The average is computed by dividing the total number of quality points by the total number of semester hours.

3. The average of the grades required for promotion or graduation is two. Students with an average of less than two must withdraw from college unless permission to repeat the year is given by the Director of the Teachers Colleges on the recommendation of the President for such reasons as illness, home difficulties, etc.

4. Incomplete grades must be made up within eight weeks after the opening of the following semester. (No course may be marked "incomplete" unless 80% of the work has been done at the time of discontinuance.)

5. The determination of quality points is made at the end of each college year and, excepting when the year is repeated, the number of points is not affected by grades in courses subsequently taken and passed.

6. "E" grades can never be removed, but the subjects in which they have been received must be repeated and passed, or, in the case of electives, other approved courses must be taken and passed either in approved summer sessions, or when possible, during the regular college year. Continuing subjects, in which "E" grades have been received, must be successfully repeated before the student may take advanced work.

LIBRARY REGULATIONS

The library is open on school days from 8:45 A.M. to 4:30 P.M. It is closed during the Librarian's lunch period — 12:30 to 1:05 P. M.

General Rules For Library Use

1. Quiet should be observed in the Library at all times. When a student comes to the Library he comes to study; such conversation, or consultation, as may be necessary, should be carried on with the utmost consideration for all present.
2. Fountain pens may be filled at the Librarian's desk when necessary, but should be kept carefully away from books and plates.

3. Water colors may be used in the Library, provided always that the strictest care is observed in their use on or with Library property.
4. Tracing from plates, or reference books, is not permitted except by consultation with the Librarian.
5. No eating is permitted in the Library.
6. Students have access to all books and portfolios on the shelves. Much of our material is expensive, much cannot be duplicated because of its character or expense and all of it is State property made available freely for you. It is expected that all students will cooperate in its careful use, and that it will be returned on time to the Librarian's desk, if you are not sure where it belongs. A misplaced book costs time and disposition.

Circulation of Books and Plates

Books may usually circulate for one week and are "charged" at the Librarian's desk by the Librarian. If not in demand, the book may be renewed for one week additional. The circulation period and number of books allowed one student is limited at the discretion of the Librarian.

Plates and Clippings

Plates and clippings from the Information File may be borrowed by signing for them on the Individual Student's card in the black box

on the Librarian's desk. When returned to the desk, this material will be discharged by the Librarian while the student waits. Care should be taken by the student to keep all such material clean and whole.

Magazines

Magazines do not leave the Library except by special permission. Back numbers may be consulted by asking for them at the desk.

Reference Books

The restriction as to "Ref" and "R" may be lifted at the discretion of the Librarian or at the request of an instructor. ALWAYS ASK about material marked in this manner.

Until further notice, books on ANATOMY and HISTORIC COSTUME do not leave the Library.

Juvenile books are kept in a special collection, marked "Children's Literature" and may be borrowed by asking at the Librarian's desk.

Reserve Books

Reserve books are taken from the shelves and placed between book-ends on a table at an instructor's request. These books are restricted for the use of a particular group and cannot be borrowed by the school at large. They may be borrowed by members of the group over night and returned promptly by 9:00 A.M. the next morning, having been

signed for as usual at the desk. Books may be reserved in advance by applying to the Librarian. Such books should not be taken if a student is not to be in school the next day, nor should the books be passed from one student to another.

Overdue Notices

For "Overdue" material, students will be sent for personally by the Librarian. There are no fines, but for this very reason, students are expected to be prompt and considerate in returning material. Carelessness may result in the loss of Library privileges. UNDER NO CIRCUMSTANCES should books or other material be taken from the Library without charging at the desk.

Students are asked to report books or plates "Lost" or "Found" to the Librarian immediately.

SENIORS must clear all library obligations by THURSDAY preceding Commencement.

The Library is a carefully selected source of information for you. If you do not find what you want on the shelves or in the catalog, ASK THE LIBRARIAN.

ROOM LOCATIONS

The floors of the building are lettered A through E. A being the basement, E being the top or library floor. The rooms on the North side are numbered with odd numbers, the rooms on the South side are even numbers.

EXHIBITIONS AND OPEN HOUSE

During the school year, exhibitions of student and professional work are shown at the school. The end of the school year is marked by a special showing of the work of the entire student body. At this time the school is open to the public.

COLORS

The official college colors are blue and gold.
